ACCESS SERVICE

2. General Regulations (Cont'd)2.2 Payment Arrangements and Credit Allowances

2.21 Payment Dates and Late Payment Penalties:

All bills for service provided to the customer by the Telephone Company are due within 10 days after the bill day or by the next bill date (i.e., same date in the following month as the bill date), whichever is the shortest interval, except as provided herein, and are payable in immediately available funds. If the customer does not receive a bill at least 10 days prior to the 31 day payment due date, then the bill shall be considered delayed. When the bill has been delayed, upon request of the customer, the due date will be extended by the number of days the bill was delayed. Such request of the customer must be accompanied with proof of late bill receipt.

(C)

If such payment date would cause payment to be due on a Saturday, Sunday or Legal Holiday, payment for such bills will be due from the customer as follows:

- If the payment date falls on a Sunday or on a Legal Holiday which is observed on a Monday, the payment date shall be the first non-Holiday following such Sunday or Legal Holiday.
- If the payment date falls on a Saturday or on a Legal Holiday which is observed on Tuesday, Wednesday, Thursday or Friday, the payment date shall be the last non-Holiday day proceeding such Saturday or Legal Holiday.

Issue Date: March 5, 2002

Effective date: March 15, 2002

Omaha, NE 68114

ACCESS SERVICE**13. ALLTEL SERVICE AREA RATES AND CHARGES**

Nebraska Technology & Telecommunications is a Reseller of Alltel Access Services. The intent of NT & T is to offer Alltel Access Services at the same pricing as stated in their most recently filed Access Service Tariff. NT&T reserves the right to reduce these rates and charges for Sales Promotions and for Extended Contract Agreements. NT & T sets our own pricing on Originating and Termination Charges for long distance access. All other offered services not listed in this tariff will be priced on an individual case basis (ICB).

13.1 Switched Access Service**13.1.1 Obligations of the Telephone company****13.1.1.1 Design Blocking Probability**

- (A) For transmission paths carrying only first routed traffic direct between an end office and customer's designated premises without an alternate route, and for paths carrying only overflow traffic, the measured blocking thresholds are as follows:

Measured Blocking Thresholds in the Time Consistent Busy Hour
for the Number of Measurements Taken Between 9:00 a.m. and
11:00 p.m.

Per Trunk Group

Number of
Transmission Paths
Per Trunk Group

	<u>15-20 Measurements</u>	<u>11-14 Measurements</u>	<u>7-10 Measurements</u>	<u>3-6 Measurements</u>

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.2 Special Access Services13.2.1 Surcharge for Special Access Service13.2.1.1 Rate Regulations

- (A) The Surcharge will apply as set forth in Section 7.2 preceding, except that a surcharge will be assessed on a per voice grade equivalent basis for Special Access Services derived from High Capacity Special Access Services as shown in the following example;

<u>Special Access Service</u>	<u>Voice Grade Equivalent</u>	<u>Surcharge</u>	<u>Monthly Charge</u>
DS1	24 x	\$25 =	\$600.00

In the case of multipoint Special Access Services, one Special Access Surcharge will apply for each termination of a Special Access Channel at an end user's premises.

- (B) The Telephone Company will bill the appropriate Special Access Surcharge to the ordering customer for each intrastate Special Access Service installed.
- (C) If a written certification is not received at the time the special Access Service is obtained, the Surcharge will be applied. Exempt status will become effective on the certification date indicated by the customer.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Special Access Service13.2.1 Surcharge for Special Access Service (Cont'd)

13.2.1.1 Rate Regulations (Cont'd)

(D) Crediting the Surcharge

The Telephone Company will cease billing the Special Access Surcharge when certification. If the status of the Special Access Service was changed prior to receipt of the exemption certification, the Telephone Company will credit the customer's account, not to exceed ninety (90) days, based on the effective date of the change as specified by the customer in the letter of certification.

(E) Surcharge Payment Deferral Provision

The Telephone Company will bill the surcharge an Special Access facilities in service as of June 1, 2000, used in the provision of WATS or WATS-type service through a Telephone company designated WATS Serving Office (WSO). Payment of such surcharge may be deferred, without penalty, for up to ninety (90) days from the date of the first bill rendered for the Special Access Surcharge.

If appropriate exemption certification is not received by the Telephone Company by the end of the ninety (90) days deferral period, the billed Special Access Surcharge will become due. These charges, if unpaid, will be subject to a late payment charge.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering Additional Labor and Miscellaneous Services13.3.1 Additional Engineering

13.3.1.1 A customer requests a Design Change, additional engineering time is incurred by the Telephone Company. The charge for additional engineering will apply whether or not the customer authorizes the Telephone Company to proceed with the design change.

13.3.1.2 When the Telephone Company determines additional engineering is required.

The Telephone Company will notify the customer that additional engineering charges, as set forth in 13.3.1 following, will apply before any additional engineering is undertaken.

13.3.1.3 Charges For Additional Engineering

The charges for additional Engineering are as follows--

<u>Additional Engineering Periods</u>	<u>Each Half Hour or Fraction Thereof</u>
(A) Basic Time, normally scheduled working hours, per engineer	\$ 19.48

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering.- Additional Labor and Miscellaneous Services (Cont'd)13.3.1 Additional Engineering (Cont'd)13.1.1.3 Charges for Additional Engineering (Cont'd)

<u>Additional Engineering Periods</u>	<u>Each Half Hour or Fraction Thereof</u>
(A) Overtime, outside of normally scheduled working hours, per engineer	\$ 29.22

13.3.2 Additional Labor

Additional labor is that labor requested by the customer on a given service and agreed to by the Telephone Company as set forth in 13.3.1 through following. The Telephone Company will notify the customer that additional labor charges as set forth in 13.3.4.6 following will apply before any additional labor is undertaken.

13.3.2.1 Overtime Installation

Overtime installation is that Telephone Company installation effort outside of normally scheduled working hours.

13.3.2.2 Overtime Repair

Overtime repair is that Telephone Company maintenance effort performed outside of normally scheduled working hours.

13.3.2.3 Stand by

Stand by includes all time in excess of one-half (2/2) hour during which Telephone Company personnel stand by to make installation acceptance tests or cooperative tests with a customer to verify facility repair on a given service.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.3.2 Additional Labor (Cont'd)13.3.2.4 Testing and Maintenance with other Telephone Companies

Additional testing, maintenance or repair of facilities which connect to facilities of other telephone companies, is that which is in addition to normal effort required to test, maintain or repair facilities provided solely by the Telephone Company.

13.3.2.5 Other Labor

Other labor is that additional labor not included in 13.3.1 through preceding and labor incurred to accommodate a specific customer request that involves only labor which is not covered by any other section of this tariff.

13.3.2.6 Charges for Additional Labor

The charges for additional labor are as follows:

<u>Additional Labor</u> <u>Periods</u>	<u>Each Half Hour or</u> <u>Fraction Thereof</u>
---	---

(A) Installation or Repair

- | | |
|---|-----------|
| - Overtime, outside of normally scheduled working hours on a scheduled work day, per technician | \$ 22.05* |
| - Premium Time, outside of scheduled work day, per technician | \$ 29.57* |

* A call-out of a Telephone Company employee at a time not consecutive with the employee, scheduled work period is subject to a minimum charge of four hours.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.3.2 Additional Labor (Cont'd)13.3.2.6 Charges for Additional Labor (Cont'd)

The charges for additional labor are as follows:

<u>Additional Labor Periods</u>	<u>Each Half Hour or Fraction Thereof</u>	
	<u>Installation and Repair Technician</u>	<u>Central Office Equipment Technician</u>
(C) Testing and maintenance with other Telephone companies, or Other Labor		
- Basic Time, normally scheduled working hours, per technician	\$15.05	\$15.08
- Overtime, outside of normally scheduled working hours on a scheduled work day, per technician	\$22.58*	\$22.63*
- Premium Time, outside of scheduled work day, per technician	\$30.11*	\$30.16*

* A call-out of a Telephone Company employee at a time not consecutive with the employees scheduled work period is subject to a minimum charge of four hours.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.3.4 Miscellaneous Services13.3.4.1 Restoration Priority

The Telephone Company will arrange a Special Access Service for Restoration Priority on receipt of certification in conformance with Part 64, Subpart D, Appendix A of the Federal Communications Commission's Rules and Regulations. A charge applies when a request to provide or change a Restoration Priority is received subsequent to the issuance of an Access Order to install the service. No charge applies when a Restoration Priority is discontinued, or when ordered coincident with an access order to install service.

	<u>Nonrecurring Charge</u>
Restoration priority, per service arranged	\$ 61.74

13.3.4.2 Presubscription

Presubscription is furnished in accordance with the detailed provisions of the Federal Communication Commission's Memorandum Opinion and Order, CC Docket go. 83-1145, Phase 1, adopted May 31, 1985, and released June 12, 1985. The Allocation Plan is outlined in Appendix B of this Order, will be available for inspection in the Public Reference Room of the Tariff Division at the Federal Communications Commission's Washington D.C., location or may be obtained from the Commission's commercial contractor.

Principal provisions of the allocation plan are as follows:

- (A) Presubscription is the process by which end user customers may select and designate to the Telephone Company an IC to access, without an access code, for interLATA, intrastate calls. This IC is referred to as the end user's predesignated IC.

ACCESS SERVICE

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.3.4 Miscellaneous services (Cont'd)13.3.4.2 Presubscription (Cont'd)

(B) On the effective date of this tariff, all existing end users have access to intrastate MTS/WATS. No later than 85 days prior to conversion to Feature Group D in a serving end office, the Telephone Company will notify end users of the availability of equal access in their particular area. The notification will include the names of all ICs wishing to participate in the presubscription process. This notification will be sent via U.S. Mail to each end user of record served by the end office to be converted.

(C) Nonrecurring charges for presubscription are as follows:

Nonrecurring Charge

Presubscription

- per Telephone Exchange	
Service line or trunk	\$ 4.53

Note: This charge is billed to the end user who is the subscriber to the Telephone Exchange Service.

13. ALLTEL SERVICE AREA RATES AND CHARGES13.3 Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.3.4 Miscellaneous Services13.3.4.1 Telecommunications Service Priority (TSP) System13.3.4.1.1 General Company Obligations

Work cooperatively with other providers of NSEP service when only a portion is provided by the Telephone Company to ensure "end-to-end" service.

13.3.4.1.2 Rates and Charges

The following rates and charges are in addition to all other rates and charges that may apply for other services offered under this tariff which operate in conjunction with the TSP System.

(1) Establishment of TSP Service

The nonrecurring charge (NRC) specified below applies when Access Service is ordered with provisioning and/or restoration priority. If both are ordered at the same time, only one NRC is applicable. The specified NRC is also applicable for orders specifying priority changes. The monthly rate is associated with only the administration and maintenance of the TSP System for restoration priority service.

There are two basic levels of priority provisioning, Emergency (provisioning priority "E") and essential (provisioning priority 1, 2, 3, 4 or S).

- (a) Emergency provisioning - The Telephone Company will take immediate action to provide the requested service at the earliest possible date. The rates and charges will apply as set forth in Section 13.2.
- (b) Essential provisioning - The Telephone Company will take action to provide the requested service utilizing normal intervals consistent with the Customer needs and demands.

ACCESS SERVICE**14. QWEST SERVICE AREA RATES & CHARGES**

Nebraska Technology & Telecommunications is a reseller of Qwest Access Services. The intent of NT & T is to offer Qwest Access Services at the same pricing as stated in their most recently filed Access Service Tariff. NT&T reserves the right to reduce these rates and charges for Sales Promotions and for Extended Contract Agreements. NT&T sets its own pricing on Originating and Termination Charges for long distance access. All other offered services not listed in this tariff will be priced on an individual case basis (ICB).

ACCESS SERVICE**15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES**

Nebraska Technology & Telecommunications is a Reseller of Citizens Access Services. The intent of NT&T is to offer Citizens Access Services at the same pricing as stated in their most recently filed Access Service Tariff. NT&T reserves the right to reduce these rates and charges for Sales Promotions and for Extended Contract Agreements. NT&T sets our own pricing on Originating and Terminating Charges for long distance access. All other offered services not listed in this tariff will be priced on an individual case basis (ICB).

15.1 Rate Regulations**15.1.1 Types of Rates and Charges****15.1.1.1 Special Access Surcharges**

In order for the NT&T to determine the application of the surcharge with respect to specific services, the customer must report the intended use of all services when placing orders for Special Access. When ordering High Capacity Analog or Digital services, the customer must report the use for each voice equivalent circuit of the high capacity service. When any circuit is reported wholly used in any manner described in (1) through (6) preceding, the surcharge will not apply. If the intended use is not reported, the surcharge will apply.

If, at any time after the installation of a service which is subject to the surcharge, the customer reports that the service is being used consistently with any exception listed above, the Telephone Company will credit the customer for the surcharge. Credit will not exceed ninety (90) days, based on the effective date that the Special Access FIA was reconfigured to meet the exception.

15.1.1.2 The rates for the following offerings will be developed on an Individual Case Basis:

- Videoband
- Wideband Analog - Group Band Facilities
- Wideband Analog - Supergroup Band Facilities
- Wideband Analog - Mastergroup Band Facilities
- High Capacity Digital DSIC (3.152 Mbps) Special Access Lines
- High Capacity Digital DSIC (3.152 Mbps) Special Transport
- High Capacity Digital DS3C (89.472 Mbps) Facilities

15.1.1.3 The rates for the following Multiplexing Arrangements will be developed on an Individual Case Basis:

Group to Voice	DS1C to DS1
Supergroup to Group	DS3C to DS1
Mastergroup to Supergroup	Group to DS1
DS1C to Voice

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES AND CHARGES15.1 Rate Regulations (Cont'd)15.1.1 Types of Rates and Charges (Cont'd)15.1.1.4 Message Station Equipment Recovery Charges

The Message Station Equipment Recovery Charge is a charge to recover that portion of message station equipment which is assigned to Special Access Service.

In accordance with CC Docket 33-1145 Memorandum Opinion Order adopted by the Federal Communications Commission on November 8, 1984, and released on November 9, 1984, this charge is assessed on those Special Access Voiceband equivalent lines subject to the Special Access Surcharge. The rate for the Message Station Equipment Recovery Charge is set forth in Section 15.2.2 following.

15.2 Rates and Charges15.2.1 Nonrecurring Charges

15.2.1.1	<u>Special Access Ordering Charges</u>	Charge
	(1) Initial Ordering Charge	\$ 74.23
	(2) Subsequent Ordering Charge	\$72.94

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.3 Miscellaneous Special Access Service15.2.18 Clear Channel Capability15.2.18.1 Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per SAL basis.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence, as described in ANSI T1.102-1987 and Section 6103 of the Citizen's Technical Interface Reference Manual.

15.2.20 Educational Service Unit (ESU) Access

15.2.20.1 Description of Service

This service provides a dedicated 56 Kbs circuit from the premises of an educational institution to the nearest Education Service Unit (ESU) or frame relay point.

ESU Access is provided for educational access, one connection per local calling area to Internet, a network of computers located in universities, schools, industrial cites and scientific laboratories, to facilitate research and education.

This service is provided to educational institutions at the rates and charges specified below. When ESU Access is provided by more than one telephone company, Multiple Company Billing rules. Service Ordering Charges also apply. Commercial access to Internet is available at the rates and charges listed in other sections of this tariff.

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.3 Miscellaneous Special Access Services15.3.1 Clear Channel Capability

(A) Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per SAL basis.

This arrangement requires *the* customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence, as described in ANSI T1.102-1987 and Section 6103 of the Citizen's Technical Interface Reference Manual.

(B) Rates - Per DS1 SAL:

<u>Nonrecurring Charge</u>	<u>Monthly Rate</u>
\$90.00	\$22.79

15.4 Additional Labor

Additional Labor is that labor requested by the customer on a given FIA and agreed to by the Telephone Company. The Telephone Company will notify the customer that Additional Labor charges will apply before any Additional Labor is undertaken. Additional Labor charges will also apply if the requirement for the Additional Labor is the fault of the customer or parties on whose behalf it acts.

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.4 Additional Labor (Cont'd)

15.4.1 Overtime Installation

Overtime installation is that Telephone Company installation effort outside the normal business day. Overtime rates will apply anytime outside the normal business day and all day Saturday. Premium time rates will apply all day Sunday and on all Telephone Company approved holidays.

15.4.2 Overtime Repair

Overtime repair is that Telephone Company maintenance effort performed outside the business day. Overtime rates will apply anytime outside the business day and all day Saturday. Premium time rates will apply all day Sunday and on all Telephone Company approved holidays.

15.4.3 Additional Installation Testing

Additional installation testing is that testing performed by the Telephone Company at the time of installation which is in addition to normal pre-service and acceptance testing.

15.4.4 Standby

Standby includes all time in excess of one-half (1/2) hour during which Telephone Company personnel are available to make coordinated tests on a given FIA. The standby charge applies only when Telephone Company personnel must wait more than 30 minutes beyond a prearranged, mutually agreed appointment time. Standby charges will cease when testing begins, or when Telephone Company personnel are released from the standby requirement, or when testing is rescheduled for a later date or time. Charges will not be applicable if Telephone Company personnel cause the delay.

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.5 Miscellaneous Services15.5.1 Rates for Carrier Access

15.5.1.1 Liability of the Telephone Company

If through the fault of the Telephone Company, the end user, end user agent or reseller is not subscribed to its chosen PIC or IPIC, the nonrecurring charges do not apply to reassign the end user, end user agent or reseller to the chosen PIC or IPIC.

15.5.1.2 (Reserved for Future Use)

15.5.1.3 Carrier Desired Due Date (ICDDD) or PIC or IPIC Installation.

An IC or LEC may request a desired due date for PIC or IPIC installation for a Specific, single end user, end user agent or reseller acting on behalf of an end user post equal access conversion. This ICDDD is a mutually agreed upon negotiated due date, determined to be between 3 and 45 business days from the date of receipt of the order. The carrier must coordinate the ICDDD with the Telephone Company prior to sending in the first order.

The ICDDD does not apply to routine lists provided by the carrier. The Nonrecurring Charge for PIC or IPIC applies to each line converted to the carrier requesting ICDDD. This charge will be billed to the carrier's end user Customer.

15.5.1.4 Nonrecurring Charge for Primary InterLATA Carrier (PIC) or Primary IntraLATA Carrier (IPIC)

The nonrecurring charge for PIC or IPIC is as follows:

	<u>Nonrecurring Charge</u>	<u>GSEC</u>
Per Telephone Company		
Local Service Line or Trunk	\$3.92	NEPS (PIC) NAAPS (IPIC)

Issue Date: March 5, 2002

15.5.1.5 Nonrecurring Charge for Unauthorized PIC or IPIC Charges

The nonrecurring charges for Unauthorized PIC or IPIC changes are as follows:

	<u>Nonrecurring Charge</u>	<u>GSEC</u>
(1) Per Telephone Company Local Business or Residence Service Line or Trunk	\$13.57	NEPSUBR (PIC) NAAPSUBR (IPIC)

15.5.2 Additional Testing

The Telephone Company will perform acceptance testing to insure that FIA ordered by the customer are functioning properly, prior to turning over such FIA to the customer. In addition, the Telephone Company will perform ongoing tests to assure the continued satisfactory performance of Switched Access Services ordered by the customer.

Testing offered under this section of the tariff is in addition to those tests described above and will be provided, when requested by the customer, at an additional charge.

Testing is provided by Telephone Company personnel at Telephone Company locations. However, provisions can be made to allow a customer to request Telephone Company personnel to perform testing at the CDL or the and user premises.

Additional testing is provided on a scheduled or nonscheduled basis. Scheduled testing shall be performed on a predetermined time basis to allow for cost efficient utilization of Telephone Company and customer resources. Scheduled testing should be based on a one year period. Nonscheduled tests are performed by the Telephone Company on a request-by-request basis, not in conjunction with any fixed schedule.

The offering of testing under this section of the tariff is made subject to the availability of the necessary qualified personnel and test equipment at the various test locations.

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.5 Miscellaneous Services (Cont'd)15.5.4 End User/Agent Lists

15.5.4.1 Allocation Lists

- (1) The Telephone Company will provide to the IC or LEC, at no charge, a list of end users and agents that have been allocated to the IC or LEC. This list will be provided after the Balloting and Allocation Process occurs.
- (2) A list of all and users and agents who have been allocated, will be available to an IC or LEC upon request. Appropriate charges will apply. The nonrecurring charge for the Allocation List applies each time the IC or LEC orders the service. A single order may contain all end offices having the same equal access conversion date.

15.5.4.2 Snapshot List

The Snapshot List is a summary of selected and user and agent information for a specific IC or LEC which resides in the Telephone Company Customer data base. The Snapshot List may be provided on magnetic tape, electronic transmission or paper printout, at the option of the IC or LEC, at rates provided. Foreign listings, PHX stations, CU centrex stations and numbers not in service will not be provided.

The Snapshot List will be provided to the IC or LEC no later than 30 days after receipt of the order. The nonrecurring charge for the Snapshot List applies per order.

15.5.5 Billing Name and Address Service (BMAS)

The Telephone Company will, upon request, provide Billing Name and Address Services (BNAS) to a Telecommunications Service Provider (customer), or its authorized billing and collection agent. Telecommunications Service Providers include interexchange carriers, operator service providers, enhanced service providers, and any other provider of intrastate telecommunications services. There are three MAS offerings available pursuant to this tariff, Per Call/Periodic BNA, Data Gathering Service (CGS), and End User Validation List.

15.5.5.1 Per Call/Periodic BNA and Data Gathering Service

Per Call/Periodic BNA is the billing name and address Information and Data Gathering is the billing telephone number, name, address and associated working telephone number information for customer provided ten digit end user telephone numbers required by the Telecommunications Service Provider customer to bill for calls placed within a specific time period. Per Call/Periodic BNA and DGS are offered subject to the conditions set forth in the following:

Issue Date: March 5, 2002

809 N. 96th Street, Ste. 210
Omaha, NE 68114

ACCESS SERVICE

15. CITIZENS/FRONTIER SERVICE AREA RATES & CHARGES15.5 Miscellaneous Services (Cont'd)15.5.6 Billing Name and Address Services (BNAS) (Cont'd)

- 15.5.6.1 A standard format for the receipt and provision of telephone number and billing name and address information will be established by the Telephone Company. Charges for each Per Call/Periodic BNA searched for and found or searched for and not found will be billed. Charges for each record accessed for DGS are set forth under 15.5.5.1 Per Call/Periodic BNA and OGS will be provided via magnetic tape, electronic transmission, or paper format, at the option of the customer. The processing fee will be applied on a per state basis, once per calendar year for BNAS processing done within that calendar year.
- 15.5.6.2 The customer must order Per Call/Periodic BNA or DGS and provide test data tape at least 30 days prior to delivery of the first customer order.
- 15.5.6.3 The frequency for receipt of the customer provided orders for Per Call/Periodic BNA or DGS will be no more than twice weekly and at intervals mutually agreed upon between the Telephone Company and the customer. The customer provided end user telephone numbers will be programmed by the Telephone Company with the proper end user's billing name and address contained in the Telephone Company's file at that time.
- 15.5.6.4 Per Call/Periodic BNA and DGS Information for nonlisted/nonpublished end user telephone numbers will be provided unless the nonlisted/nonpublished end user provides notice of nonconsent to the Telephone Company of nonconsent to the release of the BNA/DGS data. Within 30 days of receipt of such notice, the Telephone Company will discontinue disclosure of the nonlisted/nonpublished BNA/DGS data.
- 15.5.6.5 For other than electronic transmission, the output records will be sent to the customer via first class U. S. Mail. The output records will normally be made available for mailing ten workdays after receipt of the customer order or at an interval mutually agreed upon. Availability may be delayed in case of input errors in the customer provided order.

- The facilities utilized to provide the requested FIA or arrangements are of a type normally used by the Telephone Company in furnishing its other services.
- The requested FIA or arrangements are provided within a Market Area.
- The requested FIA or arrangements are compatible with other Telephone Company services, facilities, and its engineering and maintenance practices.

This offering is subject to the availability of the necessary Telephone Company personnel and capital resources.

15.6.2 Rates and Charges

Rates and charges and additional regulations, if applicable, for Specialized FIA or Arrangements provided on an Individual Case Basis (ICB) are filed following:

15.7 Access Charge Residual Access Service15.7.1 Statement of Concurrence

The rules and regulations for Access Charge Residual Access Service furnished by the Telephone Company to the customers who use Telephone Company provided End Office Services, unless otherwise specified herein, are the rules and regulations set forth in CITIZENS/FRONTIER Telephone Operating Companies (GTOC) Tariff FCC No. 1 for Carrier Common Line Access Service. The rates for Access Charge Residual Service are set forth in 15.7.2 following.
